

Hi!

My name is Rapti, I am the person behind Raps Photography. It wasn't until I had my Son Skyler, that I

started to appreciate the importance of documenting our lives. I specialise in newborn, babies and family portraiture. This is my passion and I enjoy every minute of it so I hope you enjoy this journey with me.

The Studio

Raps Photography studio is in Deer Park, Victoria. I have a space which I have converted to an in house studio. I have lots of props, blankets, wraps for your sessions. Along with outfits for newborns and sitters, so no need to bring a thing to your newborn and sitter sessions! That is unless you have something specific in mind.

~ Sitter ~

The next best stage to capture after your newborn session is between 6-9 months old when your child is sitting unassisted however isn't yet crawling. This is a great age to capture the growing personality. A little giggle, a content stare, a smile. These are the things that your child has learnt over the past 6 months that we now want to capture! I provide all outfits for the session however you can bring along anything you wish to include in the session.

SITTER SESSION PRICING - \$180

The Sitter Sessions are held at my studio.

INCLUDES:

10 to 12 images on a CD.

~ Cake smash ~

What better way to celebrate your precious babies first birthday milestone than smashing up a cake! I offer cake smash sessions to capture your little one celebrating their birthday the best way anyone can by eating up some yummy birthday cake! For the session you don't need to bring a thing! I supply the cake, outfit and decorations for the shoot. We start with a mini portrait session so we can capture them at this stage prior to having cake all over their face! Then we move on to the fun part of smashing up the cake. After your baby has smashed away all the cake and we have got some snapshots of the fun we move on to the last style of the shoot the clean up! I have a gorgeous mini claw bathtub which looks adorable! So we can clean up the mess and also get some really cute shots of bubs in the bathtub!

CAKE SMASH SESSION - \$285.00.

INCLUDES: The cake, outfit and decorations along with 10 to 15 images on a CD.

You can choose to upgrade to the full gallery of 20+ images for a further \$100, when upgrading you also then receive an 8x10 size professional print of the best selected image. I have a variety of outfits available however if you wish to bring your own that is fine also!

~ Family ~

The Family sessions are typically done at the Studio unless you want to have an outside session. The idea is to have fun and be natural. Mum and Dad please don't worry if your children aren't always on their best behaviour. I do ask that prior to the session that you have all eaten so the kids have a full tummy and also if you can bring a few snacks and drink for the times that we need a little help to get some cooperation from the kids.

What to Wear

I recommend that you all complement each other but do not match. Please don't rock up all in white t-shirts and jeans, this makes things very posed and unnatural. I always suggest to coordinate each other by choosing a few different colours and tying everyone together with those colours. Just mix and match you all but by having similar colours it will bring you all together. One thing that I ask is PLEASE NO LOGOS.

FAMILY SESSION - \$250

INCLUDES: 15-20 images edited and supplied CD.

Ordering and Payment

NO EFTPOS is available. Half of the payment must be made into bank account 3 days prior to the session to allow for clearance, or in cash on the day of the shoot. If payment isn't made, then the shoot cannot commence. Balance is due on supply of the images.

Once the session has taken place I will put a sneak peek up on my Facebook page within 24 hours. If you don't wish to have it displayed on Facebook, please notify at the session. From here your images can take between 2 weeks, you will receive a viewing gallery of the images for you to view prior to collection of the images on the CD. Pick up will be at my studio location and we can arrange an appointment time for pick up once the images are all ready for collection. When ordering prints, the general wait time is 1-2 weeks from the point of order. Once you have submitted the order it cannot be changed as I send the images straight off to the printers for printing.

Professional Prints

8x10 - \$30.00

12x18 - \$40.00

16x24 - \$55.00

20x30 - \$65.00

these are my standard printing sizes. If you like a specific sizing, you can request this and I can quote you a price on this.
